#### **DISCUSSION**

## **Background:**

Council Policy C040 outlines a process for the renewal of leases and licenses to occupy. An annual report and update to Council forms a key part of the process.

# Relevant Policy, Bylaw or Legislation:

C040 — Leases and Licenses to Occupy Municipally Owned Property are created to provide revenue to the City which may offset some servicing costs, or alternately a service to the community that Council finds appropriate.

### Analysis:

The average annual Consumer Price Index (CPI) for Vancouver in 2022 was 6.8%. A 6.8% increase will be added to any new or renewed agreement that has an annual CPI stated within the existing agreement terms.

The current 2023 leases and licenses to occupy shown in Attachment A project annual fees of \$472,084.59.

The BC Emergency Health Services (BCEHS) lease expires in September 2023. In light of increased demands for staff work and meeting spaces, staff recommend reclaiming the space. Staff has reached out to BCEHS to enquire about their plans and are awaiting response at the time of writing this report. In the intervening time, until the lease expires, if staff becomes aware of substantive information from BCEHS indicating ambulance service would be adversely and notably impacted by not renewing the lease, staff will return to Council seeking permission to proceed with reclaiming the space.

Staff will pursue renewal as provided within the terms for the remaining existing agreements expiring over the coming year which are included in Attachment A.

#### **COUNCIL STRATEGIC PLAN ALIGNMENT**

□ Principled Governance	□ Balanceu Econor	nic Prosperity	△ Corporate Excellence	
☐ Community Spirit & Wellb	eing 🗆 Transport	tation & Infrastru	icture Initiatives	
☐ Not Applicable				
Provision of this annual update demonstrates accountability and responsible financial management regarding municipally owned property.
