

Agricultural Advisory Committee - Action Item Tracker

<u>Meeting Date:</u>	<u>Action Item:</u>	<u>Status:</u>	<u>Assigned To:</u>
<u>30-May-24</u>	Provide content for educational signage along dikes for farming practices/history/commodities.	In progress; requested content from AAC for educational panels along the Trans Canada Trail; to be updated with updated logos for the Trail.	AAC and M. Baski
<u>07-Mar-24</u>	Review potential/advantages/disadvantages of re-initiating a Farmers Institute in Pitt Meadows (action stemming from AVS).	In progress; had representatives from Delta (L. Yee) and Surrey (K. Bose) attend meeting to discuss institutes in general. Sent information on to the AAC for what it would take to re-initiate and offered assistance in reaching out to farmers, if desired.	AAC to advise if any City assistance is requested. This would be an AAC or farmer-led initiative.
	Develop annual Ag survey and outreach options (action stemming from AVS).	In progress; reviewing draft survey at April meeting.	M.Baski
<u>18-May-23</u>	Staff to provide members with the traffic counts on Old Dewdney Trunk Road	In progress; recent data is not available.	M. Baski/A.Seed
	Staff to invite Emergency Management staff to the next AAC to discuss concerns related to the freshet and the evacuation plan.	Completed. Manager of Emergency Programs to join June 2024 AAC meeting.	M. Baski
<u>13-Apr-23</u>	Concerns with use of fill on agricultural properties and costs of fill disposal to be shared with Metro Vancouver via the Metro Vancouver Agricultural Committee;	Complete; issue was raised at Metro Van AAC meeting; Metro Van provided report links to previous work completed on this issue, and the intent is to secure funding to follow up with this work in 2025. No further action proposed at this time.	T. Hopcott
<u>09-Jun-22</u>	Recommendations or potential solutions brought forward to the AAC in response to the 2018 Pitt Meadows Flood Hazard Risk Assessment Report completed by ISL Engineering.	Completed at the May 30th meeting.	Engineering Dept.
<u>13-Jan-22</u>	AAC members requested an update from CP on mitigating agricultural impacts if this project proceeds vs. how it was managed during their previous projects.	Staff will provide update once available	
<u>09-Sep-21</u>	Planning staff to review with the Pitt Meadows Fire Department the burn permit process including recommendations to streamline the application process and issuance of these permits reporting back to the AAC.	Review complete. Fire Chief has been unable to attend recent AAC meetings.	Planning Dept.
