**Subject:** City of Pitt Meadows: Update on HAF2 application

Hi Patrick,

I'm writing to follow up on your application to the second round of the Housing Accelerator Fund (HAF), and to inform you that the City of Pitt Meadows was not selected for funding.

Local governments from across Canada have been enthusiastic in their response to HAF. We want to thank you for your strong interest in the program as demonstrated by your application to this second round of funding. Unfortunately, with more than 200 applications received for HAF2, we were not able to support all applications with the funding available.

As a member of the Municipal Relations team, I remain your local contact for CMHC. If you have any questions about HAF or other CMHC programs, please feel free to reach out anytime.

Thank you for your interest in the Housing Accelerator Fund.

Sincerely,

**Carolyn Gisborne** (she/her/elle)
