RE: BC Hydro electrical box wraps with heritage building images.

Dear Mark:

At the February meeting of the Museum Society's Board of Trustees there was a motion passed directing me to thank you and associated staff for the City's work on wrapping electrical boxes with a variety of heritage images.

The wraps show buildings that once existed near the site of each of the boxes, and during discussion on the motion it was noted how well they turned out. The large box at the border of the Museum's General Store site and the West Coast Express station was particularly noted for its wrap and how it beautifully reflects the General Store and Post Office building as it was in its heyday, and for the fact it will leave a legacy at the present site after the building is moved.

Good work all of you and many thanks.

Sincerely,

Leslie Norman, Curator

On behalf of the Board of Trustees
