☐ Information Report ☒ Decision Report ☐ Direction Report

DISCUSSION

Background:

This Development Variance Permit (DVP) application is to vary Section 9.2 of the Sign Bylaw No. 2719, 2015, to permit one additional off-site marketing sign for Nature's Walk development located at 19451 Sutton Ave. Public notification to surrounding property owners was completed and the DVP can now be considered for issuance by Council.

Applicant:	Eric Hughes
Owner:	Onni Bonson Road Holdings Corp.
Civic Address:	19451 Sutton Ave.
Legal Description:	Lot 1 District Lot 254 and 282 Group 1 New Westminster District Plan BCP50931
Parcel Area:	4.65 ha (11.49 acres)
OCP:	Residential - Medium Density
Zoning:	Comprehensive Development L (CD-L)

Onni Group has been working with the City for several years to develop the subject site. In 2014, Council approved an application to rezone the property located at 19451 Sutton Ave. from A-1 (General Agriculture) to CD-L (Comprehensive Development L) to permit the construction of a 220 townhouse development. In 2017, the City received a phased subdivision application for the 220 unit townhouse development for the subject property. Onni Group applied to create a phased strata plan, which included a total of three phases. Phase 1 began in late 2017, and phase 2 is currently under construction.

In 2019, Onni was granted a Temporary Commercial Use Permit to allow a sales centre on the property at 19451 Sutton Ave. within an existing townhome.

Relevant Policy, Bylaw, or Legislation:

The issue is regulated by Sign Bylaw No. 2719, 2015

Sign Bylaw

The City's Sign Bylaw has specific requirements for off-site marketing signs. Section 9.2 – Off-Site Development Marketing Signs permits off-site development marketing signs in all areas, provided that a permit is obtained and subject to various conditions. Requirements related to the number of off-site marketing signs include:

- a) The maximum number of Off-Site Development Marketing Signs permitted per development shall not exceed two (2);

The following are from the same section:

- b) No sign shall have any face dimension above 5 m (16.4 ft), nor a sign area greater than 12 sq m (129.1 sq ft);
- c) The height of a sign does not exceed 5.5 m (18 ft);
- d) The sign shall be freestanding only;
- e) Not more than one (1) sign may be located at a particular road intersection corner;
- f) The sign shall be set back 4.5 m (14.7 ft) from the intersection point of the boundaries of the intersecting highway or road;

- g) Signs located along a highway or road may require a Highway Use permit as set out in the City's Highway and Traffic Bylaw as amended;
- h) A refundable bond of \$500.00 for each sign shall be posted by the applicant for each sign location;
- i) The sign shall be removed within one (1) month of the final occupancy permit being issued. In the case of more than one suite in a newly constructed building the signs shall be removed within one (1) month of the final occupancy permit being issued for the last suite;
- j) A sign not removed within one (1) month of final occupancy may be removed by the City in which case the bond will be forfeited to the City; and
- k) Written consent of the owner of the property on which the sign is located is provided to the City, authorizing the City to enter the subject lot and remove the sign if required.

Analysis:

Application

Onni Group has applied for a Development Variance Permit to permit a third off-site marketing sign for the Nature's Walk development. Onni Group currently has two off-site marketing signs, both of which are located on the north and east entrance of the Meadowtown development (19800 Lougheed Highway), which is also owned by Onni Group.

A Development Variance Permit is required to permit a third off-site marketing sign. The third off-site marketing sign is proposed to be located above the existing monument sign that is located on the northeast corner of Golden Ears Business Park Phase 1 at 19100 Airport Way (Figure 1) (Attachment D). This site is also owned by Onni Group and, therefore, does not require written consent of the owner of the property on which the sign is located.

Planning Comments

The proposal is consistent with the rest of the requirements of the Sign Bylaw. Should the application be approved, the applicant will be required to apply for a sign permit. Upon application of a sign permit, planning staff will review the application to ensure the sign meets the requirements within Sign Bylaw No. 2719, 2015.

The proposed location of the off-site marketing sign is located in a light industrial area and will not affect the character of the neighbourhood or have any effect on residential areas. Engineering has confirmed that the proposed location of the sign is setback far enough so as to not impact the line of vision approaching the roundabout. Planning staff have no objections to this application.

As directed by Council property owners within and expanded radius of the proposed location of the sign (Golden Ears Business Park Phase 1 - 19100 Airport Way) were notified about the application by mail on May 15, 2020. As of writing this report on May 19, 2020, no comments have been received. Any comments that are received will be shown to Council when the permit is considered for issuance.
