Pitt Meadows Road and Rail Improvements Project

Pitt Meadows Road and Rail Improvements

The project

Vancouver Fraser Port Authority

In partnership with the City of Pitt Meadows and CP, we are leading the following road improvements:

A new four-lane underpass beneath the Canadian Pacific (CP) rail tracks at Harris Road

A new two-lane overpass above the CP rail tracks at Kennedy Road

Canadian Pacific (CP)

In parallel, CP is leading the following rail improvements:

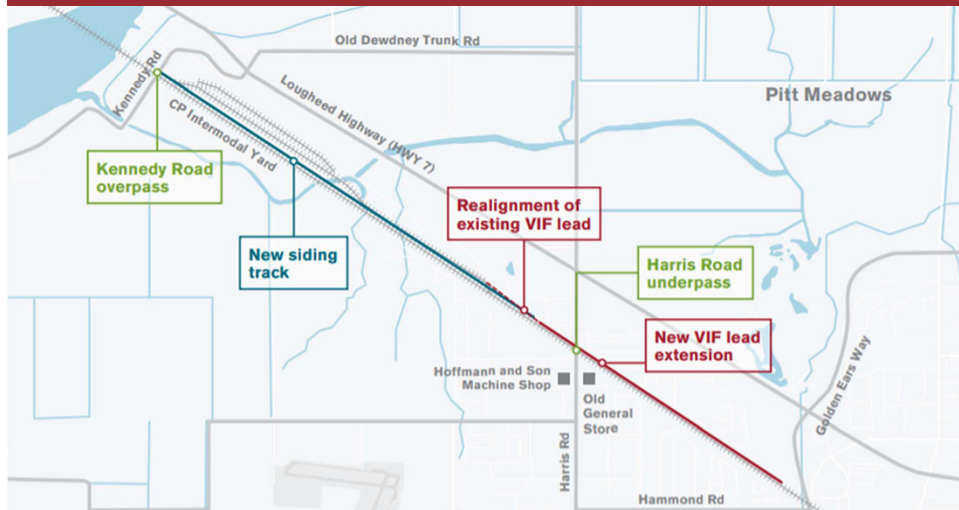

A new siding track on the north side of the existing tracks between Harris Road and Kennedy Road

An extension of the existing lead track to the Vancouver Intermodal Facility east across Harris Road

8

Our engagement process

To date, we have completed two phases of engagement.

We will use feedback received during engagement to inform the planning, design and construction of the project, along with technical analysis, feasibility and the budget.

9

Our engagement process

Prior to proceeding to construction, Pitt Meadows City Council will need to approve the road improvements.

The port authority will continue to work closely with the City of Pitt Meadows and CP to develop a traffic and construction management strategy, informed by feedback from the community, stakeholders, and local Indigenous groups.

10

Updates and engagement

Due to the pandemic and the government's direction to practice physical distancing, the spring update will be done remotely to keep staff and the community safe.

Spring project update

April 21 to May 4, 2021

- Update on the track configuration led by CP
- Results of the noise and vibration study, mitigation considerations and next steps

Phase two, part two engagement Harris Road

Fall 2021

- Update on the technical work and designs for the Harris Road underpass
- Update on the relocation of the heritage buildings

Learn more and ask questions

Between April 21 and May 4, 2021

Visit portvancouver.com/pittmeadowsengagement to learn more and sign-up to attend a session

Rail track configuration sessions

Wednesday, April 21, 2021
7:00 to 9:00 p.m.

Saturday, April 24, 2021
1:00 to 3:00 p.m.

Noise and vibration sessions

Monday, April 26, 2021
7:00 to 9:00 p.m.

Wednesday, April 28, 2021
7:00 to 9:00 p.m.

Attend Pitt Meadows EPC meeting

Tuesday, May 4, 2021
7:00 to 9:00 p.m.

Between April 21 and May 4, 2021

Visit portvancouver.com/pittmeadowsengagement to learn more and sign-up to attend a session

Rail track configuration sessions

Brochure will be available on April 19, 2021. We will email a copy to everyone who signs up for a session.

- Introduction
- Overview of the project
- Rail operators in Canada (regulated by and mandated to move all goods)
- Track configuration and considerations
 - Siding track (planned operations)
 - Lead extension
- Planned operations
- Construction timeline
- Next steps
- Q&A

Noise and vibration sessions

Brochure will be available on April 19, 2021. We will email a copy to everyone who signs up for a session.

- Introduction
- Overview of the project
- Port authority commitment to noise mitigation
- Noise and vibration study results
 - How is noise/vibration measured
 - Methodology for capturing current levels and modeling future levels
 - Warranted mitigation
 - Options and consideration
 - Next steps
- Q&A
